

For Immediate Release

Plato Gold Corp. Commences Drilling

Toronto, September 13, 2005 – Plato Gold Corp (TSX-V: **PGC**) has commenced drilling the first part of its 5000 metre drill program east of Matheson, Ontario in Guibord Township. Drilling will also take place in Marriott Township as well. The first hole in Guibord Township (GP-01) will be drilled to a depth of approximately 200 metres. The second hole (GP-02) will be drilled to a target depth similar to GP-01. These two initial holes are designed to test both the Quartz Vein Zone and the South Zone to ascertain their dip and geological setting. Subsequent drilling will be to test IP anomalies before returning to main zone intersections. Rick W. Risto, P. Eng. is the Corporation's Qualified Person.
