

For Immediate Release

## **Plato Gold Announces Additional Private Placement for Aggregate Proceeds of up to \$360,000**

**Toronto, December 11, 2006** – Plato Gold Corp (TSX-V: **PGC**) intends to raise up to \$360,000 in a non-brokered private placement of up to 3,000,000 common shares on a flow-through basis at a price of \$0.12 per share. If fully subscribed the gross proceeds will be \$360,000. This financing was originally announced on December 4, 2006 for aggregate gross proceeds of \$180,000. Due to interest in the issue, the size of the issue has been increased to aggregate gross proceeds of \$360,000.

Issued common shares will be subjected to a hold period of four months plus a day. Insiders of Plato Gold Corp. will participate in this financing and will subscribe for up to 25 percent of the gross proceeds of the private placement.

The proceeds from the private placement will be used by Plato Gold Corp. for exploration work on its previously announced option of the Nordeau East and Nordeau West gold deposit in Quebec. Full details on the Nordeau option announcement and details of the recent National Instrument 43-101 technical report are available at [www.sedar.com](http://www.sedar.com).

Following the issuance of the common shares pursuant to a fully subscribed private placement, there will be 37,275,686 common shares issued and outstanding and 45,797,284 common shares on a fully diluted basis. The private placement is subject to regulatory approvals, including approval of the TSX Venture Exchange. Closing is expected to occur on or about December 18, 2006.

### ***Cautionary Statements***

*This news release report contains "forward-looking statements", within the meaning of the United States Private Securities Litigation Reform Act of 1995 and similar Canadian legislation, concerning the business, operations and financial performance and condition of Plato. Forward-looking statements include, but are not limited to, statements with respect to the benefits of the offering and option transaction. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made, and*

*they are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Plato to be materially different from those expressed or implied by such forward-looking statements, including but not limited to risks related to: raising less than the required amount; not realizing on the anticipated benefits from the transaction or not realizing on such anticipated benefits within the expected time frame; risks related to exploration; actual resource viability, and other risks of the mining industry. Although management of Plato has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. Plato does not undertake to update any forward-looking statements that are incorporated by reference herein, except in accordance with applicable securities laws.*
