

For Immediate Release

Plato Gold Acquires New Claims in Val d'Or Gold Camp

Toronto, June 13, 2007 – Plato Gold Corp. (“Plato”) [TSX.V: PGC], an exploration company with a portfolio of properties in significant gold mining camps in Ontario and Quebec, is pleased to report that it has recently acquired 147 new claims strategically located adjacent to a number of historic gold deposits and past producing mines in the Val d’Or gold camp in Northern Quebec.

All the new claims are within or border on the township of Vauquelin. The claims are referenced in hectares (“ha”) and include the following properties:

- Vauquelin - 17 claims (272 ha), 100% owned
- Vauquelin Pershing - 37 claims (592.0 ha), 100% owned
- Vauquelin Horseshoe - 54 claims (860.5 ha), 100% owned
- Pershing Denain - 39 claims (624.0 ha), 100% owned with 2% net metal royalty held by Globex Mining Enterprises Inc.

The 147 claims represent 2,348.5 ha of new exploration properties in the Plato property portfolio. In addition, Plato holds an option agreement (reference news release: *Plato Gold Announces Signing of Option Agreement on Nordeau Project* - August 8 2006) with Globex Mining Enterprises Inc. for 44 claims (660.9 ha) known as the Nordeau Bateman Property.

Plato now holds 191 claims (3,009.4 ha) in the Val d’Or gold camp in the south-eastern end of the Achean Abitibi Greenstone Belt in the Val d’Or, Quebec region.

Anthony Cohen, President and CEO, of Plato commented: “Plato’s strategy is to acquire land positions adjacent to historic gold deposits, past producers and/or currently operating gold mines. Areas are selected near world class gold camps with superior infrastructure in place. This is a significant increase in Plato’s portfolio, which now includes 321 claims representing 5,099.4 ha in Canada.”

About Plato Gold Corp.

Plato Gold Corp. (“Plato”) is a Canadian junior gold exploration company listed on the TSX Venture Exchange. Plato’s current focus is on exploration projects in Northern Ontario and Quebec. The Northern Ontario project includes 4 properties: Guibord, Harker, Holloway and Marriott in the Harker/Holloway gold camp located east of Timmins, Ontario. The Northern Quebec project includes 5 properties: Nordeau Bateman, Vauquelin, Vauquelin Pershing, Vauquelin Horseshoe, and Pershing Denain. All 5 properties are located near Val d’Or, Quebec; and Plato is in the early stage of exploring these projects.

Cautionary Statements

This news release contains "forward-looking statements", within the meaning of the United States Private Securities Litigation Reform Act of 1995 and similar Canadian legislation, concerning the business, operations and financial performance and condition of Plato. Forward-looking statements include, but are not limited to, statements with respect to the benefits of the offering and option transaction. Generally, these forward-looking statements can be identified by the use of forward-looking terminology such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or state that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved". Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made, and they are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, level of activity, performance or achievements of Plato to be materially different from those expressed or implied by such forward-looking statements, including but not limited to risks related to: raising less than the required amount; not realizing on the anticipated benefits from the transaction or not realizing on such anticipated benefits within the expected time frame; risks related to exploration; actual resource viability, and other risks of the mining industry. Although management of Plato has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. Plato does not undertake to update any forward-looking statements that are incorporated by reference herein, except in accordance with applicable securities laws.
