Plato Gold Corp. Closes Financing to Fund Timmins Drill Program

Toronto, September 28, 2009 – Plato Gold Corp. (TSX-V: PGC) (“Plato” or the “Company”), an exploration company with a portfolio of properties in significant gold mining camps in Northern Ontario, Northern Québec, and Santa Cruz, Argentina is pleased to announce that it closed the first tranche of its non-brokered private placement offering (the “Offering”) on September 25, 2009 for \$365,000 with the Mineralfields Group, previously announced on September 10, 2009 and September 17, 2009. The closing of the first tranche of the Offering will fully fund the planned 2009 drill program on its Timmins Ontario property.

Mr. Anthony Cohen, President and CEO of Plato Gold, stated “I am very pleased with the continuing support from the Mineralfields Group. With this first closing, we are now able to immediately proceed with our planned work in Timmins Ontario. Plato will be able to drill the 3D modeling generated targets in our Silver Fox property in Timmins which is well-situated along the Destor Porcupine fault zone (DPFZ). We look forward to upcoming drill results from our property, as well as those from Apollo Gold Corp.’s Grey Fox project, which is currently being drilled approximately 1.5 km on strike from Silver Fox”.

The second tranche of the Offering, comprised of flow-through units (the “Flow-Through Units”) and non-flow-through units (the “Units”), or combination thereof, at a price of \$0.045 per Flow-Through Unit and \$0.045 per Unit, is anticipated to provide funds for the Val d’Or, Quebec project and general corporate purposes. The second tranche of the Offering is anticipated to close on or before October 30th and is expected to include the remainder of the funds from the Mineralfields Group placement. It is anticipated that the Mineralfields Group’s subscription pursuant to the Offering will be for an aggregate of \$730,000.

“Once we close on the remaining funds, our project in Val d’Or, Quebec will be capitalized for our 2009 drill program. It is our goal to increase the size of our NI 43-101 compliant resource in Val d’Or through our upcoming drill program”, said Anthony Cohen.

Each Flow-Through Unit consists of one common share which qualifies as a “flow through share” for purposes of the Income Tax Act (Canada) and one common share purchase warrant.

Each warrant partially comprising the Flow-Through Units shall be exercisable to acquire one common share of the Company for a period of two years from the date of issuance thereof at an exercise price of \$0.10 per share.

Each Unit shall consist of one common share and one common share purchase warrant. Each common share purchase warrant shall be exercisable to acquire one common share of the Company for a period of two years from the date of issuance thereof at an exercise price of \$0.10 per share. The proceeds from the sale of the Units will be used by the Company for working capital and general corporate purposes.

The Company paid a finder's fee consisting of an \$18,250 cash commission and the issuance of compensation options to acquire 811,111 Units of the Company at \$0.045 per Unit in connection with this portion of the gross proceeds raised pursuant to the Offering

Closing of the remainder of the Offering is subject to receipt of all required regulatory approvals, including approval of the TSX Venture Exchange. All of the securities issued pursuant to this offering will have a hold period expiring 4 months after the closing date.

It is anticipated that certain insiders of the Company will subscribe for a minimum of \$50,000 worth of Flow-Through Units or Units pursuant to the Offering. Each of such persons is considered a non-arm's length party to the Company and the Offering is deemed to be a related party transaction pursuant to Multilateral Instrument 61-101 ("MI 61-101").

The Issuer does not propose to obtain a valuation or seek approval of the majority of its minority shareholders in respect of the Offering but instead intends to rely on the following exemptions from such requirements available pursuant to MI 61-101: (A) the exemption from the formal valuation requirement contained in subsection 5.5(c) of MI 61-101 (*Distribution of Securities for Cash*); and (B) the exemption from the majority of minority shareholder approval requirement contained in subsection 5.7(b) of MI 61-101 (*Fair Market Value Not More Than \$2,500,000*).

Forward Looking Statements

This news release contains "forward-looking statements", within the meaning of applicable securities laws. These statements include, but are not limited to, statements regarding the proposed private placement and closing thereof, Mineralfields' subscription for additional Flow-Through Units, potential mineralization and resources, exploration results, and future plans and objectives. Generally, these forward-looking statements can be identified by the use of

forward-looking terminology such as “plans”, “expects” or “does not expect”, “is expected”, “budget”, “scheduled”, “estimates”, “forecasts”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will be taken”, “occur” or “be achieved”. Forward-looking statements are based on the opinions and estimates of management as of the date such statements are made, and they are subject to known and unknown risks, uncertainties and other factors that may cause the actual results, use of proceeds, level of activity, performance or achievements of Plato to be materially different from those expressed or implied by such forward-looking statements, including but not limited to risks related to: raising less than the required amount; not realizing on the anticipated benefits from the offering transaction or not realizing on such anticipated benefits within the expected time frame; risks related to exploration; actual resource viability, and other risks of the mining industry . Although management of Plato has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. The Company does not undertake to update any forward-looking statements that are incorporated by reference herein, whether as a result of new information, future events or otherwise, except in accordance with applicable securities laws.
